Discussion took place on the Roundtable. Also discussed the Music on the Bay Event.

Discussion took place on the removal of ghost crab traps from the bay. This year over 1,700 traps were removed. Several traps were removed and lobsters were found in some.

Discussion took place on the Blind Camp. Board praised Pat on the excellent job she does there.

Discussion took place on invasive species of plants in the area, particularly bamboo.

Discussion took place on raising the Monarch butterflies and milkweed.

Discussion took place on state grants for the living shoreline & dredging projects.

Discussion took place on creating a gardening club in the spring.

Discussion took place on the decommissioning of the Oyster Creek power plant. Concerns were raised about a third party coming in to complete the work and the shortened decommission times. Chairman wished to look into whether or not there was a panel for the decommissioning project, and if so it would be a good idea for a representative from our Township/Commission to sit in on.

Discussion took place on the proposed solar project the late Joe Lackowitz had proposed.
