INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members
of the Township Committee
County of Ocean
Waretown, New Jersey

Opinions

We have audited the accompanying financial statements of the various funds and account group of the Township of Ocean, which comprise the statements of assets, liabilities, reserves and fund balance – regulatory basis as of December 31, 2021 and 2020, and the related statements of operations and changes in fund balance – regulatory basis for the years then ended and the statements of revenues – regulatory basis and statements of expenditures – regulatory basis for the year ended December 31, 2021, and the related notes to the financial statements.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, reserves and fund balance – regulatory basis of the Township of Ocean, as of December 31, 2021 and 2020, and the results of its operations and changes in fund balance – regulatory basis for the years then ended and the statements of revenues – regulatory basis, statements of expenditures – regulatory basis for the year ended December 31, 2021, in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township of Ocean, as of December 31, 2021 and 2020, or the results of its operations and changes in fund balance for the years then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Township of Ocean and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by the Township of Ocean, on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs,

State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control(s) relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township of Ocean's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township of Ocean's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township of Ocean's basic financial statements. The accompanying supplemental schedules presented for the various funds and letter of comments and recommendations section are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and are not a required part of the basic financial statements. The schedule of expenditures of federal

awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is also presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements of each of the respective individual funds and account group taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 1, 2022, on our consideration of the Township of Ocean’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township of Ocean’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Ocean’s internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members
of the Township Committee
County of Ocean
Waretown, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements - regulatory basis of the Township of Ocean, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements, and have issued our report thereon dated August 1, 2022. Our report indicated that the Township's financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America but rather prepared in accordance with the regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Township's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any

deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

TOWNSHIP OF OCEAN - COUNTY OF OCEAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The financial statements of the Township of Ocean, County of Ocean, New Jersey (the “Township”), include every board, body, office or commission supported and maintained wholly or in part by funds appropriated by the Township as required by N.J.S. 40A:5-5. The financial statements of the Township do not include the operations of the Board of Education, first aid organization or volunteer fire companies which are subject to separate audits.

GASB Statement 14, as amended by GASB Statements 39, 61, 80, 90 and 97, establishes criteria to be used in determining the component units, which should be included in the financial statements of a primary government. The financial statements of the Township are not presented in accordance with GAAP (as discussed below). Therefore, the Township had no component units as defined by GASB Statement No. 14, as amended by GASB Statements 39, 61, 80, 90 and 97.

B. Descriptions of Funds

The GASB is the recognized standard-setting body for establishing governmental generally accepted accounting and financial reporting principles.

The accounting policies of the Township conform to the accounting principles applicable to municipalities which have been prescribed by the Division. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township accounts for its financial transactions through the following separate funds which differs from the fund structure required by generally accepted accounting principles (“GAAP”):

Current Fund - revenues and expenditures for governmental operations of a general nature, including federal and state grant funds.

Animal Control Trust Fund - animal control license revenues and expenditures.

Other Trust Fund - sundry deposits held for satisfactory completion of specific work; receipts and disbursements for dedicated purposes.

General Capital Fund - resources, including Federal and State Grants in aid of construction, and expenditures for the acquisition of general capital facilities, other than those acquired through the Current Fund, including the status of bonds and notes authorized for said purposes.

TOWNSHIP OF OCEAN - COUNTY OF OCEAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Description of Funds (Continued)

Water-Sewer Utility Operating Fund - revenues and expenditures necessary to operate a municipally-owned water supply and sewer collection systems from user fees.

Water-Sewer Utility Capital Fund - resources, including Federal and State Grants in aid of construction, and expenditures for the acquisition of water and sewer capital facilities, other than those acquired through the Water-Sewer Utility Operating Fund, including the status of bonds and notes authorized for said purposes.

General Fixed Assets Account Group - used to account for fixed assets used in general government operations.

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division of Local Government Services differ in certain respects from GAAP applicable to local government units. A modified accrual basis of accounting is followed by the Township. Modifications from the accrual basis follow:

Cash and Cash Equivalents - Cash and cash equivalents include petty cash, change funds, and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost. Consequently, unrealized gain or loss on investments has not been recorded in accordance with Governmental Accounting Standards Board Statement No. 31.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. *N.J.S.A. 40A:5-15.1* provides a list of investments which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

The cash management plan adopted by the Township requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

TOWNSHIP OF OCEAN - COUNTY OF OCEAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Property Acquired for Taxes - Foreclosed property is recorded in the current fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the Township to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the general fixed assets account group. If such property is converted to a municipal use, it will be recorded in the general fixed assets account group.

Deferred Charges - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally over-expenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

Deferred Charges Unfunded and Funded - Upon authorization of capital projects, the Township establishes deferred charges for the cost of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to New Jersey Statute 40A:2-4, the Township may levy taxes on all taxable property within its jurisdiction to repay its debt. The Township raises the debt requirements for its debt in its current budget as funds are raised; the deferred charges are reduced.

General Fixed Assets - Accounting for governmental fixed assets, as required by N.J.A.C.5:30-5.6, differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and Budget Circular A-87 (Attachment B, Section 19), except that the useful life of such property is at least five years. The Township has adopted a capitalization threshold of \$5,000.00, the maximum amount allowed by the Circular. Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. In some instances, assets are valued at the assessed valuation of the property at the time of acquisition, which approximates fair value. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at their estimated fair market value on the acquisition date. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the capital funds until such time as the construction is completed and put into operation.

The Township is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements, and transfers of fixed assets. In addition, a statement of general fixed assets, reflecting the activity for the year, must be included in the Township's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that includes accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. Lastly, all fixed assets must be adequately controlled to safeguard against loss, damage, or theft.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Interfunds - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the current fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Appropriation Reserves - Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments, or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

Encumbrances - Contractual orders at December 31, 2021 are reported as expenditures through the establishment of a reserve for encumbrances. Encumbrances do not constitute expenditures under GAAP.

Long-Term Debt - Long-term debt, relative to the acquisition of capital assets, is recorded as a liability in the general capital and utility capital funds. Where an improvement is a "local Improvement", i.e. assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the trust fund upon the confirmation of the assessments or when the improvement is fully and permanently funded.

Compensated Absences and Postemployment Benefits - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis.

Fund Balance - Fund balances included in the Current Fund represent amounts available for anticipation as revenue in future years' budgets, with certain restrictions.

Property Tax Revenues - Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1. The amount of tax levied includes not only the amount required in support of the Township's annual budget, but also the amounts required in support of the budgets of the County of Ocean, and the Ocean Township School District. Unpaid property taxes are subject to tax sale in accordance with the statutes.

Grant Revenues - Federal and State grants, entitlement or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Township's budget. Federal and State grant revenues received for purposes of capital projects financed by capital ordinances are recognized when received. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Sale of Municipal Assets - Cash proceeds from the sale of Township owned property may be reserved until utilized as an item of anticipated revenue in a subsequent year budget. Year end balances of such proceeds are reported as a cash liability in the Current Fund. GAAP requires that revenue be recognized in the accounting period that the terms of sales contracts become legally enforceable.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Expenditures - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when paid; however, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed in accordance with *N.J.A.C.5:30-5.2*. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis; whereas interest on utility indebtedness is on the accrual basis.

School Taxes - The Township is responsible for levying, collecting, and remitting school taxes for the Ocean Township School District. Operations are charged for the full amount required to be raised from taxation to operate the local school district and for the regional school district the Township's share of the amount required to be raised by taxation for the period from July 1 to June 30, increased by the amount deferred at December 31, 2020 and decreased by the amount deferred at December 31, 2021.

County Taxes - The Township is responsible for levying, collecting, and remitting county taxes for the County of Ocean. Operations is charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations is charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10 of the current year and due to be paid to the County by February 15 of the following year.

Reserve for Uncollected Taxes - The inclusion of the "reserve for uncollected taxes" appropriation in the Township's annual budget protects the Township from taxes not paid currently. The reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. GAAP requires that the cost of inventories be reflected on the balance sheet until utilized and expended.

General Fixed Assets - In accordance with the New Jersey Administrative Code, which differs in certain respects from GAAP, the Township has developed a fixed assets accounting and reporting system.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Fixed assets used in governmental operations (general fixed assets) are required to be accounted for in the General Fixed Assets Account Group. Public domain (“infrastructure”) general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

GAAP does not require utilization of a general fixed asset account group.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available.

Depreciation is not recorded in the General Fixed Assets Account Group.

Expenditures for construction in progress are required to be recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

Water-Sewer Utility Fixed Assets

Accounting for water-sewer utility fund “fixed capital” remains unchanged. Property and equipment purchased by the Water-Sewer Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent charges to operations for the costs of acquisitions of property, equipment and improvements.

Property and equipment of the Water-Sewer Utility Fund are not depreciated. Principal payments for Water-Sewer Utility debt are recorded as expenditures in the Water-Sewer Utility Statement of Operations.

During 2021 and 2020 the following changes occurred in the fixed assets of the Township:

D. Financial Statements

The GASB Codification requires the financial statements of a governmental unit to be presented in accordance with GAAP. The Township presents its financial statements in accordance with another comprehensive basis of accounting as promulgated by the Division which differs from the financial statements required by GAAP. In addition, the Division requires the financial statements to be referenced to the supplementary schedules. This practice differs from GAAP.

E. Budgets and Budgetary Accounting

The Township must adopt an annual budget for its current fund in accordance with N.J.S.A.40A:4 et seq. N.J.S.A.40A:4-5 requires the governing body to introduce and approve the annual municipal budget no later than March 13 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the Township. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A.40AA-9. Amendments to adopted budgets, if any, are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval, and adoption of the budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the basis of accounting utilized to prepare the Township's financial statements.

F. Impact of Recently Issued Accounting Principles

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB adopts accounting statements (Statements) to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP). The municipalities in the State of New Jersey do not prepare their financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements.

F. Impact of Recently Issued Accounting Principles

Accounting Pronouncements Adopted in Current Year

The following GASB Statements became effective for the fiscal year ended December 31, 2021:

Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020.

Statement No. 93, *Replacement of Interbank Offered Rates*. The requirements of this Statement, except for paragraphs 11b, 13, and 14 are effective for reporting periods beginning after June 15, 2020.

Management has determined that the implementation of these Statements did not have a significant impact on the Township's financial statements.

Accounting Pronouncements Effective in Future Reporting Periods

Statement No. 87, *Leases*. The requirements of this Statement are effective for fiscal years beginning after June 15, 2021.

Statement No. 93, *Replacement of Interbank Offered Rates*. The requirement in paragraph 11b of this Statement is effective for reporting periods ending after December 31, 2021. The requirements in paragraphs 13 and 14 are effective for reporting periods beginning after June 15, 2021.

Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*. Requirements of this pronouncement related to section 1, paragraph 4 are effective immediately. All other requirements will be effective for reporting periods beginning June 15, 2021. Management has determined the implementation of certain provisions within this Statement did not have a significant impact on the Borough's financial statements.

Management has not yet determined the impact of these Statements on the Township's financial statements.

NOTE 2. DEPOSITS AND INVESTMENTS

The Township is governed by the deposit and investment limitations of New Jersey state law.

Deposits

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the Township’s deposits may not be returned. Although the Township does not have a formal policy regarding custodial credit risk, NJSA 17:9-41 et seq. requires that the governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA is a supplemental insurance program set forth by the New Jersey Legislature to protect the deposits of local governmental agencies. The program is administered by the Commissioner of the New Jersey Department of Banking and Insurance. Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by FDIC. Public funds owned by the Township in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds or funds that may pass to the Township relative to the happening of a future condition. Such funds are shown as Uninsured and Uncollateralized in the schedule below.

As of December 31, 2021, the Township’s bank balance of \$13,332,157.91 was insured or collateralized as follows:

Insured under FDIC and GUDPA	\$	9,919,999.10
Uninsured and Uncollateralized		3,412,158.81
 Total	 \$	 13,332,157.91

Investments

Under the regulatory basis of accounting, investments are measured at cost in the Township’s financial statements. However, had the financial statements been prepared in accordance with generally accepted accounting principles (GAAP), investments would be reported at fair value (except for fully benefit-responsive investment contracts, which would be reported at contract value). Contract value is the relevant measure for the portion of the Length of Service Awards Program (LOSAP) Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the LOSAP Plan.

Fair Value Measurement – The fair value measurements of investments are required to be reported based on the hierarchy established by GAAP. Under GAAP, investments are required to be categorized based on the fair value of inputs of Levels 1, 2 and 3. Under Level 1 inputs, investments are required to be categorized based on quoted market prices in active markets for identical investments. Level 2 inputs are based primarily on using observable measurement criteria, including quoted market prices of similar investments in active and inactive markets and other observable corroborated factors. Level 3 inputs are assets measured at fair value on a recurring basis using significant unobservable measurement criteria based on the best information available. As of December 31, 2021, the Township had no investments held at Level 2 or 3.

TOWNSHIP OF OCEAN - COUNTY OF OCEAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

NOTE 2. DEPOSITS AND INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for investments measured at fair value.

Bond Anticipation Notes: Valued at the market value of the Notes held by the Township at year-end.

Money Market Funds: Valued at the quoted NAV of shares held by the Township at year-end.

Mutual Funds: Valued at quoted market prices which represent the net asset value (“NAV”) shares held by the Township at year-end.

The Township’s fair value, hierarchy level and maturities of its investments at December 31, 2021 was as follows:

<u>Investment Type</u>	<u>Carrying Value</u>	<u>Fair Value as of December 31, 2021</u>	
		<u>Level 1</u>	<u>Total</u>
Mutual Funds	\$ 722,916.81	\$ 722,916.81	\$ 722,916.81
	<u>\$ 722,916.81</u>	<u>\$ 722,916.81</u>	<u>\$ 722,916.81</u>
<u>Fund</u>			
Trust Fund - LOSAP	722,916.81	722,916.81	722,916.81
	<u>\$ 722,916.81</u>	<u>\$ 722,916.81</u>	<u>\$ 722,916.81</u>

Investments at Contract Value - The Township held a fully benefit-responsive investment contract with the Lincoln Financial Group (Lincoln) totaling \$113,416.73 as of December 31, 2021. Lincoln maintains the contributions in the group fixed annuity contract (fixed account). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The traditional investment contract held by the Township is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the LOSAP Plan. The Township’s ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the contract issuer’s ability to meet its financial obligations. The fixed account continues in-force until they are terminated by Lincoln or the LOSAP Plan and do not define a maturity date.

No events are probable of occurring that might limit the ability of the LOSAP Plan to transact at contract value with the contract issuer and also limit the ability of the LOSAP Plan to transact at contract value with participants. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value.

TOWNSHIP OF OCEAN - COUNTY OF OCEAN

NOTE 2. DEPOSITS AND INVESTMENTS (CONTINUED)

The total Trust Fund LOSAP value held by the Township at December 31, 2021 was as follows:

Trust Fund - LOSAP (Fair Value)	\$	722,916.81
Trust Fund - LOSAP (Contract Value)		113,416.73
Total Trust Fund - LOSAP	\$	836,333.54

Custodial credit risk related to Investments - This is the risk that in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, the Township will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Other than the rules and regulations promulgated by N.J.S.A. 40A:5-15.1, the Township has no investment policy to limit exposure to custodial credit risk.

Interest rate risk - This is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. Other than the rules and regulations promulgated by N.J.S.A. 40A:5-15.1, the Township does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit risk - Credit risk is the risk that an issuer to an investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. Government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure.

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the magnitude of a government’s investment in a single issuer. Other than the rules and regulations promulgated by N.J.S.A. 40A; 5-15.1, the Township’s investment policies place no limit in the amount the Township may invest in any one issuer. More than 71% of the Township’s investments are in bond anticipation notes and money markets and these investments represent 71% of the Township’s total investments.

NOTE 3. DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general municipal capital expenditures. Bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Township are general obligation bonds, backed by the full faith and credit of the Township. Bond anticipation notes are issued to temporarily finance capital projects, prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. All such notes must be paid no later than the tenth anniversary of the date of the original note. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of at least equal to the first legally payable installment of the bonds in anticipation of which such notes were issued be paid. A second legal installment must be paid if the notes are to be renewed beyond the fourth anniversary date of the original issuance and so on. Tax anticipation notes are issued if the cash on hand is not sufficient to carry on normal operations of the municipality at any time during the year. Such notes are authorized by a resolution adopted by the governing body.

NOTE 4. ACCRUED SICK AND VACATION BENEFITS

As discussed in Note 1 and in accordance with accounting principles prescribed by the State of New Jersey, the cash basis of accounting is followed for recording the Township's liability related to unused vacation and sick pay. The Township permits certain employees within limits to accumulate unused vacation and sick pay, which may be taken as time off or paid at a later date at an agreed upon rate. The estimated current cost of such unpaid compensation approximates \$897,009.14 and \$892,804 at December 31, 2021 and 2020, respectively. In accordance with New Jersey accounting principles, this amount is not reported as an expenditure or liability in the accompanying financial statements.

NOTE 5. FUND BALANCES APPROPRIATED

The fund balances at December 31 which have been appropriated and included as anticipated revenue in the municipal budget for the year ending December 31 of the succeeding years are as follows:

New Jersey statutes require that taxable valuation of real property be prepared by the Township Tax Assessor as of October 1 in each year and filed with the County Board of Taxation (the “Board”) by January 10 of the following year. Upon the filing of certified adopted budgets by the Township, Regional School District and County, the tax rate is struck by the Board based on the certified amounts in each of the taxing districts for collection to fund the budgets. Pursuant to statute, this process is to be completed on or before May 3, with a completed duplicate of the tax rolls to be delivered to the Township Tax Collector (the “Collector”) on or before May 13th.

Tax bills are prepared then mailed by the Collector of the Township annually and set forth the final tax for the tax year. The bill contains a credit for preliminary amounts billed previously with the balance payable in equal installments on August 1st and November 1st of the tax year. In addition, the property owner receives a preliminary bill for the succeeding year based on one half of the prior year's tax. The preliminary payments are due and payable on February 1st and May 1st. The N.J. Statutes allow a grace period of 10 days for each payment period and the Township granted this option to taxpayers. Taxes become delinquent if not paid on the installment dates and become subject to interest penalties of 8% or 18% of the amount delinquent. If taxes are delinquent on or after April 1st of the succeeding year, the delinquent amount is subject to “Tax Sale” which places a tax lien on the property allowing the holder to enforce the tax lien by collection or foreclosure. New Jersey property tax laws establish a tax lien on real estate as of January 1st of the current tax year even though the amount due is not known.

NOTE 8. DEFERRED CHARGES TO FUTURE TAXATION FUNDED AND UNFUNDED

Upon the authorization of capital projects, the Township establishes deferred charges for the cost of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to the New Jersey Statutes Annotated 40A:2-4, the Township may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Township raises the debt requirements for the particular year in the current budget. As funds are raised, the deferred charges are reduced.

NOTE 9. DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS

As noted in Note 1, certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2021, there were no deferred charges.

NOTE 10. RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Township is a member of the Ocean County Municipal Joint Insurance Fund, and the Municipal Excess Liability Fund, public entity risk pools currently operating as a common risk management and insurance programs for municipalities within the state. The Township pays an actuarially determined annual assessment to Ocean County Municipal Joint Insurance Fund for its insurance coverage and that of the Municipal Excess Liability Fund. Supplemental assessments may be levied to supplement the funds. The Township has not been notified on any supplemental assessments. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three years.

NOTE 11. CONTINGENT LIABILITIES

State and Federal Financial Assistance

The Township receives financial assistance from the State of New Jersey and the U.S. government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the financial assistance agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. As a result of these audits, costs previously reimbursed could be disallowed and require repayment to the grantor agency. As of December 31, 2021, the Township estimates that no material liabilities will result from such audits.

Major Tax Assessments

There were no taxpayers in 2021 with assessments in excess of 1% of the total assessed valuation.

Pending Litigation

There are actions which have been instituted against the Township which are either in the discovery stage or whose final outcome cannot be determined at the present time. In the opinion of the administration, the amount of ultimate liability with respect to these actions will not materially affect the financial position of the Township.

It is the opinion of the Township officials that there is no litigation threatened or pending that would materially affect the financial position of the Township or adversely affect the Township's ability to levy, collect and enforce the collection of taxes or other revenue for the payment of its bonds or other obligations.

The Township officials believe that negligence and other types of liability suits, of which the Township is aware, appear to be within the stated policy limits and would be deferred by the respective carriers.

NOTE 14. LENGTH OF SERVICE AWARD PROGRAM (“LOSAP”)

The Township has established a Volunteer Length of Service Award Plan (“LOSAP”) (“Plan”) to ensure retention of the Township’s volunteer firefighters and volunteer members of emergency service squads. The Plan shall be construed under the laws of the State of New Jersey and is established with the intent that it meets the requirements of a length of service award plan under Section 457(e)11 of the Internal Revenue Code”.

Annual Contributions - The annual contribution to be made by the Township for each active volunteer member shall be \$1,150 per year of active emergency service, commencing with the year 2002.

Appropriations - Appropriations for the purpose of funding the Township’s LOSAP shall be included as a separate line item in the Township’s budget, commencing with the year 2002.

Periodic Increases - Notwithstanding the provisions above, the annual contribution to be made by the Township for each active volunteer member shall be subject to periodic increases based upon the “consumer price index factor” pursuant to subsection f. of section 3 of P.L. 1997, c. 388 (N.J.S.A. 40A:14-185).

Criteria for Eligibility; Contributions; Points - Any active volunteer member shall be eligible to participate in the LOSAP Plan immediately upon commencement of the member’s performance of active voluntary services in the emergency service organization. Annual contributions shall only be made by the Township, however, for those active volunteer members who have earned the minimum number of points for performing certain volunteer services on a yearly basis.

Determination as to Eligibility - Each emergency service organization shall provide to the Township Administrator, acting as the Plan Administrator of LOSAP Plan, a certified list as to the active volunteer members who are initially eligible to participate in the Plan and those who are eligible to participate as each January 1 thereafter. The Plan Administrator shall forward said certified list to the Township Committee for approval, in accordance with the provision of N.J.A.C. 5:30-14.10. The decision of the Township Committee as to such active member’s eligibility shall be binding upon the Plan Administrator, participants, beneficiaries and any and all other persons having an interest hereunder, subject to appropriate judicial review.

YEAR ENDED DECEMBER 31, 2021

NOTE 14. LENGTH OF SERVICE AWARD PROGRAM (“LOSAP”) (CONTINUED)

Terms of Participation - The Plan Administrator shall have the right to require any active volunteer member at the time of his or her becoming a participant to agree, in writing, to be bound by the terms, covenants and conditions of the LOSAP and accompanying trust. Each participant shall furnish to the Plan Administrator all pertinent information required for the administration of the LOSAP. The Plan Administrator shall rely upon all such information furnished.

Vesting - The active volunteer member shall not be permitted to receive a distribution of the fund in his or her LOSAP account until the completion of a five-year vesting period.

Termination of Service - Any participant who terminates service as an active volunteer member shall cease to participate hereunder. A former participant may resume participation immediately upon returning to the service of the emergency service organization as an active volunteer member. Any active volunteer member who terminates service with the emergency service organization, subsequently returns to service and again becomes a participant shall be treated as a new participant for purposes of eligibility unless said participant was fully vested prior to his or her termination from service.

Reporting Requirements - N.J.A.C. 5:30-14.49 requires that the Township perform a separate review report of the Plan in accordance with the American Institute of Certified Public Accountants Statements for Accounting and Auditing Review Services.

NOTE 15. TAX ABATEMENTS

The Township authorized Ordinance 2000-13 to enter into property tax abatement agreements for the purpose of attracting private sector investment. Tax abatement agreements exempt certain projects from taxation but also require a payment in lieu of taxes (PILOT).

New Jersey State Statute requires that projects which receive such abatements be approved by the State Department of Community Affairs and be consistent with the Township's approved redevelopment plan.

For the year ended December 31, 2021, property taxes abated by the Township totaled \$645,551 and calculated PILOT payments totaled \$285,632 as follows:

<u>Business</u>	<u>Authorization</u>	<u>Purpose</u>	Percent	Amount	2021
			<u>Abated</u>	<u>Abated</u>	<u>PILOT</u>
Costal Redevelopment Partners LP	Ord. 2005-36	Economic Redevelopment	100%	\$ 310,602	\$ 243,112

NOTE 16. PENSION OBLIGATIONS

As of the date of this report, the New Jersey Division of Pension and Benefits has not provided updated actuarial valuations for pension obligations for the year ended June 30, 2021. The New Jersey Division of Pension and Benefits will post these reports on their website as they are made available. The footnote below includes the most current information made publicly available, which had a reporting date of June 30, 2020.

A. Public Employees' Retirement System (PERS)

Plan Description - The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PERS, please refer to Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/annrpts.shtml.

The vesting and benefit provisions are set by *N.J.S.A. 43:15A*. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 or more years of service credit before age 62 and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Basis of Presentation - The schedules of employer allocations and the schedules of pension amounts by employer (collectively, the Schedules) present amounts that are considered elements of the financial statements of PERS or its participating employers. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of PERS or the participating employers. The accompanying Schedules were prepared in accordance with U.S. generally accepted accounting principles. Such preparation requires management of PERS to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

NOTE 16. PENSION OBLIGATIONS (CONTINUED)

A. Public Employees' Retirement System (PERS) (Continued)

Contributions - The contribution policy for PERS is set by *N.J.S.A. 43:15A* and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For the fiscal year 2019, the State's pension contribution was less than the actuarial determined amount. The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets. For the year ended December 31, 2020, The Township's contractually required contribution to PERS plan was \$331,687.

Net Pension Liability and Pension Expense - At December 31, 2020, the Township's proportionate share of the PERS net pension liability is valued to be \$4,944,421. The net pension liability was measured as of June 30, 2020. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of June 30, 2019, to the measurement date of June 30, 2020. The Township's proportion of the net pension liability was based on the Township's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2019. The Township's proportion measured as of June 30, 2020, was .03032%, which was an increase of .0036748653% from its proportion measured as of June 30, 2019.

Assumptions were Based

July 1, 2014 - June 30, 2018

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2020 are summarized in the following table:

Discount Rate - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Municipal bond rates of 3.50% as of June 30, 2019 and 2.21% as of June 30, 2020 were used in the development of the blended GASB discount rate after the plan's fiduciary net position was no longer sufficient to make future benefit payments, when applicable. As selected by the State Treasurer, the rates are based on the Bond Buyer GO 20-Bond Municipal Bond Index. Based on the long-term rate of return of 7.00% and the municipal bond rate of 3.50% as of June 30, 2019 and the long-term rate of return of 7.00% and the municipal bond rate of 2.21% as of June 30, 2020, the blended GASB discount rates are 6.85% as of June 30, 2019 and 7.00% as of June 30, 2020. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the Township's proportionate share of the Net Pension Liability to Changes in the Discount Rate - The following presents the Borough's proportionate share of the net pension liability calculated using the discount rate as disclosed above, as well as what the Borough's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)

B. Police and Firemen's Retirement System (PFRS)

Plan Description - The State of New Jersey, Police and Firemen's Retirement System (PFRS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PFRS, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/annrpts.shtml.

The vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement as well as death and disability benefits. All benefits vest after ten years of service, except disability benefits which vest after four years of service.

The following represents the membership tiers for PFRS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to May 22, 2010.
2	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
3	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1 % for each year if creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

Basis of Presentation - The schedules of employer allocations and the schedules of pension amounts by employer (collectively, the Schedules) present amounts that are considered elements of the financial statements of PFRS or its participating employers. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of PFRS or the participating employers. The accompanying Schedules were prepared in accordance with U.S. generally accepted accounting principles. Such preparation requires management of PFRS to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

Contributions - The contribution policy for PFRS is set by *N.J.S.A. 43:16A* and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's contribution amount is based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. For fiscal year 2020, the State contributed an amount less than the actuarially determined amount. The Local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PFRS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets. Municipality contributions to PFRS amounted to \$726,721 for 2020.

The employee contributions for PFRS are 10.00% of employees' annual compensation, as defined.

Special Funding Situation - Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the state is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a non-employer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan (except for employer specific financed amounts), there is no net pension liability to report in the financial statements of the local participating employers related to this legislation.

C. Defined Contribution Retirement Program

The Defined Contribution Retirement Program (DCRP) is a cost-sharing multiple-employer defined contribution pension fund which was established in 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et. seq.) and expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. The DCRP provides eligible members, and their beneficiaries, with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by *N.J.S.A.43:15C-1* et. seq.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the Township's contribution amounts for each pay period are transmitted to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period.

Related Party Investments - The Division of Pensions and Benefits does not invest in securities issued by the Township.

NOTE 17. OTHER POST-RETIREMENT BENEFITS – LOCAL PLAN

Plan Description

The OPEB provided by the Township of Ocean (Township) is currently funded on a pay-as-you-go basis and includes healthcare, prescription drug, dental and vision coverage for retirees and their families.

Eligibility

Employees hired prior to July 1, 2018, the Township of Ocean provides the cost of insurance coverage for those employees and their spouse in the same manner for which such benefits are provided to regular full-time Township employees who retire after 25 years or more of service credit in the State Pension System and a period of at least 25 years of employment with the Township of Ocean or for those employees who have retired and reached the age of 65 years of age with 25 years or more of service credit in a state or local administered retired system and a period of 25 years with the employer at the time of retirement.

Employees hired subsequent to July 1, 2018, the Township of Ocean provides only the cost of insurance coverage for the individual employee, and not their spouse or dependents, who retires after 25 years or more of service credit in the State Pension System and a period of at least 25 years of employment with the Township of Ocean or for those employees who have retired and reached the age of 65 years of age with 25 years or more of service credit in a state or local administered retired system and a period of 25 years with the employer at the time of retirement.

Year of service are calculated based upon elapsed time.

NOTE 17. OTHER POST-RETIREMENT BENEFITS – LOCAL PLAN (CONTINUED)

Calculation of Actuarial Accrued Liability

The plan's benefit obligations, currently, are in two parts:

1. the present value of the benefits yet to be paid for those who are currently covered as retirees; and
2. the present value of the benefits to be paid for those active participants once they become eligible for retiree benefits.

Included in each present value is a cost for administering the retiree claims.

The determination of the benefit obligation for those who are retired and covered involves estimating the survival and future claims for them and then discounting those future claims to the present time. With regard to the active group, a further estimate must be made regarding who will actually survive, in active employment, to retire and be covered after employment.

Assumptions for Valuations

1. MORTALITY. Mortality rates were based on the RP-2014 Mortality Table projected with Scale MP 18.

2. DISCOUNT RATE. We have discounted future costs at the rate of 1.91% compounded annually. The rate is based upon the S&P Municipal Bond 20 Year High Grade Rate Index consists of bonds in the S&P Municipal Bond Index with a maturity of 20 years as of December 2020. Eligible bonds are rated at least AA by Standard and Poor's Ratings Services, Aa2 by Moody's or AA by Fitch. If there are multiple ratings, the lowest rating was used.

3. We have assumed that terminations of employment other than for death or retirement will occur in the future in accordance with The State of New Jersey PERS Local Government turnover/withdrawal experience; some excerpts from the tables are:

Ultimate termination rates vary by age

<u>AGE</u>	<u>Ultimate</u>
30	6.1%
35	4.0%
40	2.9%
45	2.7%
50	2.0%
55	1.6%
60	1.5%

4. DISABILITY. We have assumed no terminations of employment due to disability. Retirees resulting from a disability were factored into our determination of age at retirement.

5. AGE AT RETIREMENT. We have assumed that the active participants, on average, will receive their benefits when eligible but no earlier than age 55.

6. SPOUSAL COVERAGE. We have assumed that married employees will remain married.

7. HEALTH CARE COST INFLATION. We have assumed that health care gross costs will increase an annual rate of 7.0% for Pre-Medicare medical benefits and 5% for Post-Medicare medical benefits.

8. ADMINISTRATION EXPENSES. We have assumed that the annual cost to administer the retiree claims, approximately 2%, is included in the annual health care costs.

NOTE 17. OTHER POST-RETIREMENT BENEFITS – LOCAL PLAN (CONTINUED)

Current Per Capita Claims Cost

We have reviewed the 2020 healthcare rates for medical, prescription drugs, dental and vision for retirees. The annual average claims cost is approximately \$37,821 per current covered retiree and spouse coverage and \$17,761 for single coverage prior to age 65. For retirees age 65 and over the annual average claims cost is approximately \$24,832 per covered retiree for employee/spouse coverage and \$12,416 for single coverage.

Annual Service Cost

We have assumed that the actuarial accrued liability will be amortized over average service years of the active and inactive employees pursuant to the GASB 75 regulations.

Actuarial Funding Method

We have employed the "entry age normal" cost method in establishing the annual service contribution and actuarial accrued liability for the participants.

Demographic Data Statistics

- 19 retirees with an average age of 61
- 9 retirees receiving single benefit coverage
- 53 active employees with an average age of 44 and average accrued service of 12 years

Benefit Obligation

At 12/31/2021 we estimate the actuarial accrued liability of benefit obligations of the Township of Ocean for other post-employment benefits to be:

	12/31/2021
1. For covered retired employees	\$ 25,866,332.45
2. For active or terminated vested participants who have satisfied the requirements (except for actually retiring) for retiree coverage	-

Amortization of deferred outflows/inflows: We assumed the assumption change for 12/31/2020 will be amortized over the average service years (12) of the active and inactive employees consistent with the GASB 75 regulations.

Amounts recognized in the deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in the OPEB expense as follows:

Measurement Period ending December 31, 2020 through 2031 an amount of \$397,303.

Sensitivity of Change

If we increase the annual rates at which gross health care costs will inflate in the future by 1% over what we have assumed, the following benefit obligations would result as of 12/31/2020: \$51,508,157

If we decrease the annual rates at which gross health care costs will inflate in the future by 1% under what we have assumed, the following benefit obligations would result as of 12/31/2020: \$32,101,042

If we increase the annual discount in the future by 1% over what we have assumed, the following benefit obligations would result as of 12/31/2020: \$32,588,417

If we decrease the annual discount in the future by 1% under what we have assumed, the following benefit obligations would result as of 12/31/2020: \$50,796,092

NOTE 18. OTHER POST-RETIREMENT BENEFITS – STATE PLAN

As of the date of this report, the New Jersey Division of Pension and Benefits has not provided updated actuarial valuations for other postemployment benefit obligations for the year ended June 30, 2021. The New Jersey Division of Pension and Benefits will post these reports on their website as they are made available. The footnote below includes the most current information made publically available which had a reporting date of June 30, 2020.

A. General Information about the OPEB Plan

The State Health Benefit Local Government Retired Employees Plan (the Plan) is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Annual Comprehensive Financial Report (ACFR), which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

The Plan provides medical and prescription drug to retirees and their covered dependents of the participating employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered

TOWNSHIP OF OCEAN - COUNTY OF OCEAN

retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

B. Basis of Presentation

The schedule of employer and nonemployer allocations and the schedule of OPEB amounts by employer and nonemployer (collectively, the Schedules) present amounts that are considered elements of the financial statements of its participating employers or the State as a nonemployer contributing entity. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of the participating employers or the State. The accompanying Schedules were prepared in accordance with U.S. generally accepted accounting principles. Such preparation requires management of the Plan to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

C. Allocation Methodology

GASB Statement No. 75 requires participating employers in the Plan to recognize their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective OPEB (benefit) expense. The special funding situation's and nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB (benefit) expense are based on separately calculated total OPEB liabilities. For the special funding situation and the nonspecial funding situation, the total OPEB liabilities for the year ended June 30, 2020 were \$5,512,481,278.00 and \$12,598,993,950.00, respectively. The nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB (benefit) expense are further allocated to employers based on the ratio of the plan members of an individual employer to the total members of the Plan's nonspecial funding situation during the measurement period July 1, 2019 through June 30, 2020. Employer and nonemployer allocation percentages have been rounded for presentation purposes; therefore, amounts presented in the schedule of OPEB amounts by employer and nonemployer may result in immaterial differences.

D. Special Funding Situation

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan, there is no net OPEB liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net OPEB liability that is associated with the local participating employer. The participating employer is required to record in their financial statements, as an expense and corresponding revenue, their proportionate share of the OPEB expense allocated to the State of New Jersey under the special funding situation.

Additionally, the State's proportionate share of the OPEB liability attributable to the Township is \$4,946,498.00 as of December 31, 2020. The OPEB liability was measured as of June 30, 2020. The total OPEB liability used to calculate the OPEB liability was determined using update procedures to roll forward the total OPEB liability from an actuarial valuation as of July 1, 2019, to the measurement date of June 30, 2020. The State's proportion of the OPEB liability associated with the Township was based on a projection of the Township's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating members, actuarially determined. The State's proportion measured as of June 30, 2020 was 0.0905570028%, which was an increase of 0.0201159944% from its proportion measured as of June 30, 2019, which is the same proportion as the Township's. At December 31, 2020, the Township's and the State of New Jersey's proportionate share of the OPEB liability were as follows:

State of New Jersey's	
Proportionate Share of OPEB Liability	
Associated with the Township	\$ 4,946,498.00

At December 31, 2020, the State's proportionate share of the OPEB (credit)/expense, associated with the Township, calculated by the plan as of the June 30, 2020 measurement date was (\$246,238.00).

NOTE 19. SUBSEQUENT EVENTS

Management has reviewed and evaluated all events and transactions that occurred between December 31, 2021 and August 1, 2022, the date that the financial statements were available for issuance, for possible disclosure and recognition in the financial statements.

SINGLE AUDIT SECTION

FOR THE YEAR ENDED DECEMBER 31, 2021

This page intentionally left blank.

INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Honorable Mayor and Members
of the Township Committee
County of Ocean
Waretown, New Jersey

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Township of Ocean’s compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Township of Ocean’s major federal programs for the year ended December 31, 2021. The Township of Ocean’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Township of Ocean complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2021.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards, the Uniform Guidance are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Township of Ocean and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Township of Ocean’s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Township of Ocean’s federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Township of Ocean's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Township of Ocean's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Township of Ocean's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Township of Ocean's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Township of Ocean's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Respectfully Submitted,

TOWNSHIP OF OCEAN – COUNTY OF OCEAN
NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2021

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards presents the activity of all federal awards of the Township of Ocean. The Township is defined in Note 1 of the basic financial statements. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). All federal awards received directly from federal agencies, as well as federal awards passed through other government agencies are included on the schedule of expenditures of federal awards.

Note 2. Summary of Significant Accounting Policies

The accompanying schedule of federal awards is presented using the modified accrual basis of accounting as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services, which is described in the Notes to the Financial Statements, Note 1.

The amounts shown as current year expenditures represent only the federal grant portion of the program costs. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The Township did not elect the 10-percent de minimis indirect cost rate as discussed in 2 CFR 200.414.

Note 3. Relationship to Basic Financial Statements

Amounts reported in the accompanying schedule agrees with amounts reported in the Township's financial statements. Expenditures from awards are reported in the Township's financial statements as follows:

	Federal
Current Fund	\$ 555,898.17
State & Federal Grant Fund	286,323.30
Total	\$ 842,221.47

Note 4. Relationship to Federal Financial Reports

The regulations and guidelines governing the preparation of federal financial reports vary by federal agency and among programs administered by the same agencies. Accordingly, the amounts reported in the federal financial reports do not necessarily agree with the amounts reported in the accompanying Schedules, which is prepared on the modified accrual basis of accounting as explained in Note 2.

Note 5. Federal Loans Outstanding

The Township had no loan balances outstanding at December 31, 2021.

Honorable Mayor and Members
of the Township Committee
Township of Ocean
Ocean, New Jersey

In accordance with requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the following are the *General Comments* and *Recommendations* for the year ended December 31, 2021.

GENERAL COMMENTS:

Contracts and Agreements required to be advertised by (N.J.S.A.40A:11-4)

N.J.S.A.40A:11-4 states every contract or agreement, for the performance of any work or furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only by the Governing Body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other Law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the bid threshold, except by contract or agreement.

The bid threshold in accordance with *N.J.S.A. 40A:11-4* was \$44,000 for the year ended December 31, 2021.

It is pointed out that the governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the statutory minimum within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Our examination of expenditures did not reveal any individual payments or contracts in excess of the bid threshold “for the performance of any work, or the furnishing of any materials, supplies or labor” other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of *N.J.S.A.40A:11-6*.

Collection of Interest on Delinquent Taxes and Assessments

N.J.S.54:4-67, provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 1, 2021 adopted the following resolution authorizing interest to be charged on delinquent taxes:

NOW THEREFORE, BE IT RESOLVED, that if said taxes are deemed to be delinquent for non-payment of taxes, the Tax Collector shall charge eight (8%) percent per annum on the first \$1,500.00 of the delinquency, and eighteen (18%) percent per annum on any amount in excess of \$1,500.00; and

BE IT FURTHER RESOLVED, by the Township Committee of the Township of Ocean, that the Tax Collector shall allow that no interest will be charged on payments received and made by the tenth calendar day following the date upon which the same became payable; and

BE IT FURTHER RESOLVED, by the Township Committee of the Township, that the Tax Collector shall charge, in addition to the interest for delinquent taxes, as noted above, a penalty of six (6%) percent of the amount of the delinquency in taxes in excess of \$10,000.00 to a taxpayer who fails to pay the delinquency prior to the end of the calendar year.

It appears from an examination of the Collector's record that interest was collected in accordance with the foregoing resolution.

OTHER COMMENTS (FINDINGS):

None.

RECOMMENDATIONS:

None.

Appreciation

We express our appreciation for the assistance and courtesies extended to the members of the audit team.
