

# HELP US HELP YOUR COMMUNITY SAVE!

The New Jersey Board of Public Utilities under New Jersey's Clean Energy Program™ together with Atlantic City Electric, Elizabethtown Gas, Jersey Central Power & Light, New Jersey Natural Gas, Public Service Electric & Gas, Rockland Electric Company, and South Jersey Gas offer the Comfort Partners Program to income-eligible families and individuals to help make their homes healthier and more energy efficient at no cost.

Your tenants or condominium owners may qualify for the Comfort Partners program. Through the program, we could install proven energy conservation measures – at no cost to you as the owner, or to any eligible tenants or condominium association management that express interest in the program.\*

If eligible, you and your tenants/condominium owners may receive energy-saving home improvements that will save energy and money, and your building(s) will be more energy efficient and comfortable.

Improvements may include measures such as added insulation, caulking, weather-stripping, energy-saving showerheads and light bulbs – all at no cost.

Visit [NJCleanEnergy.com/CP](http://NJCleanEnergy.com/CP) or call **1-800-915-8309** for more information.

\*Landlords must sign an agreement giving Comfort Partners permission to install program measures.

### Energy Saving Measures

#### May Include

- Efficient lighting products
- Water conservation measures
- Smart Thermostats
- Insulation upgrades (attic, walls, basements)
- Blower-door guided air sealing
- Duct sealing and repair
- Heating/cooling equipment maintenance
- Other measures

### New Jersey Comfort Partners Eligibility Requirements

The Comfort Partners Program is available to any New Jersey household having an income at or below 250% of federal poverty guidelines. For details see: [NJCleanEnergy.com/CP](http://NJCleanEnergy.com/CP)

1. Households that do not meet the above income guidelines but receive HEAP, Lifeline, PAAD, Section 8 Housing, SSI, TANF, USF, Medicaid, SNAP or GA may be eligible for the Comfort Partners Program.
2. The customer must:
  - use the home as a primary residence
  - homeowners must have lived in residence for a minimum of a year
  - renters are eligible with landlord permission
  - be the ratepayer of record with the electric or gas utility
  - live in a building with 1 – 14 units (apartment, townhouse, etc.)
  - units in multifamily buildings must be individually metered

Note: Buildings with more than 14 units are not eligible.
